

## Vastfontein Ministry Equip Training Centre

We have 10 years' experience in training ministry workers and pastors who have not had the opportunity to study theology.

The aim of the training is to equip people for ministry by focusing on Biblical truths and practical skills required for ministry.

Our training is:

**Biblical:** Students learn to understand and apply what they learn from the Bible.

**Relational:** Participants learn and grow together by active participation and practical outreach opportunities.

**Modular:** Each module concludes with practical as well as theoretical assessments.

*We have only seen some of the impact from our training program, but I believe we are going to be pleasantly surprised by the multiplied effect in the Kingdom of God one day when we stand before the King of Kings.*

*Raise Godly Leaders,  
Release Godly potential,  
Realise God's dream*
